D,

Just a quick look at the PSC Report that is supposed to come in by COB Wednesday;  
I am hoping to get our review done by the end of the week.

Hi Gary –

Per my voice mail to you on October 29, 2010 and as discussed in our telephone conversation this morning, we are planning on starting the Gulfco tank removal field activities next Monday November 8, 2010. As I indicated in our conversation, I will be sending you a package with the contractor qualifications, insurance certificates, and insurance policies required by the Removal Action Settlement Agreement. Based on our conversation, it is my understanding that our planned start date of November 8 is acceptable to EPA. Please let me know if you have any questions or comments.

Thanks.
